

*****REWARD*****

To: Marr Employees
From: Paula Wiles
Subject: **Marr Employment Opportunities**
Date: January 14, 2021

IMMEDIATE NEED!

The following employment opportunity is soon to be available at our South Boston location. We have found that new employees identified through existing employee referral have produced excellent results.

Therefore, if you are interested in this position or know of someone who would be a good fit, please contact me and I will follow up. If you refer an outside candidate who we successfully employ, we will reward you with a **\$500.00** finder's fee.

MSC – ASSOCIATE ENGINEER

Work with the Chief Engineer to prepare proposal designs and CAD drawings. Assist the Project Managers by matching equipment to project needs.

Essential Functions include:

- Understanding of CAD software.
- Understanding of Engineering Principles and how to incorporate into construction/product design.
- Capability to problem solve following established procedures.
- Demonstrate strong attention to detail.
- Produce working drawings for client.
- Work closely with Project Managers.
- Assist in maintenance of electronic document library.

Education and/or Experience

Associates degree required with focus in CAD along with two years' experience in civil or structural engineering. Experience with statistics and mechanics is a plus. Experience in the construction industry is also desirable.
